End of Sale Statement

June 2020

Barrett Communications is announcing the end of sale of the 3U Side-plate pack with the following rationale and way forward.

In 2020, Barrett discontinued various 2000 series hardware items which utilised the 3U side-plate pack and as such it is now redundant.

The 3U Side-plate Pack has been superceded by the 2U Side-plate Pack (P/N BCA20018) for customers wishing to attach a 4022 Power supply to a 2050 HF transceiver.

Effective immediately, manufacturing will cease and no further orders can be accepted for the 3U Side-plate Pack.

Please contact Barrett Communications for more information.
