

End of Sale Statement

19th November 2018

Barrett Communications is announcing the end of sale of the NVIS kit for 2019 Automatic Tuning Mobile Whip Antenna (P/N BCA201900) with the following rationale and way forward.

Over the past 6 months, the NVIS kit for 2019 has been significantly enhanced and is now released as the NVIS whip (P/N BCA201910). It's been designed to enhance the short range efficiency of the Barrett 2019 Automatic Tuning Mobile HF Antenna and provides a more flexible installation.

Effective immediately, all future NVIS requirements will be quoted based on the NVIS whip (P/N BCA201910). Manufacturing of the NVIS kit for 2019 (P/N BCA201900) will cease in January 2019, and no further orders will be accepted for quotations outside their validity period. Barrett Communications will continue to provide spares, service and technical support in accordance with our warrant statement and ISO accreditation.

Customers interested in a Near Vertical Incidence Skywave (NVIS) antenna for their Barrett 2019 Automatic Tuning Mobile HF Antenna are recommended to speak with their Business Development Managers.

No further feature development, will be made to the NVIS kit for 2019 (P/N BCA201900).

For more information, please contact your Business Development Manager.
